Greatness of This Temple

Srisailam is an ancient kshetra mentioned in Skanda Purana, one of the oldest pilgrimage sites.

It is a Jyotirlinga (Mallikarjuna – Shiva manifested as Linga worshipped with jasmine/mallika flowers) and Shakti Peetha (Bhramaramba – where Sati's neck fell;

Goddess took form of bees to kill demon Arunasura).

Legends include Shiva-Parvati's divine union here, self-manifested deities, and stories from Agastya, Lopamudra, and others.

It is revered for wish fulfillment, protection, family harmony, and spiritual liberation. The combination of Jyotirlinga + Shakti Peetha makes it exceptionally powerful.

The Sri Bhramaramba Mallikarjuna Swamy Temple in Srisailam is one of the most sacred sites in India.
It is uniquely powerful because it is the only temple in the world that is simultaneously a Jyotirlinga (one of the 12 abodes of Shiva) and a Maha Shakti Peetha (one of the 18 primary abodes of the Goddess).

1. Spiritual Significance

* **The Jyotirlinga (Mallikarjuna Swamy**): Lord Shiva is worshipped here as Mallikarjuna. The name comes from Mallika (Jasmine) and Arjuna (Shiva).
Legend says Princess Chandravathi worshipped the Lord with jasmine flowers, leading to this name.

* **The Shakti Peetha (Bhramaramba Devi):** The neck part of Goddess Sati is believed to have fallen here. The name "Bhramaramba" means "Mother of Bees."

Legend says the Goddess took the form of a thousand six-legged bees to kill the demon Arunasura, who had a boon that he could not be killed by any two or four-legged creature.

* **The Rare Duo:** This is a "Shiva-Shakti" kshetra. Pilgrims believe that visiting Srisailam grants liberation (Moksha) and is equivalent to visiting Kailash itself.

2. Architectural Marvels

The temple is a masterpiece of Vijayanagara architecture, though its roots go back to the 2nd-century Satavahanas.

* **The Fortified Wall**: The temple is enclosed by a massive stone wall (Prakaram) featuring nearly 3,200 intricate relief carvings depicting scenes from the Ramayana, Mahabharata, and Shiva Puranas.

* **The Four Gopurams**: The massive entry towers were built by various rulers, including the famous Sri Krishna Deva Raya and the Maratha King Chhatrapati Shivaji Maharaj (who built the northern tower).

* **Patalaganga**: Located down the hill, these are the sacred backwaters of the Krishna River. Devotees often take a holy dip here before climbing (or taking the ropeway) to the temple.

3. Key 2026 Dates & Timings

* **Maha Shivaratri 2026:** Falls on Sunday, February 15. This is the biggest festival of the year, featuring the Kalyanotsavam (divine wedding) of the deities.

* **Surya Puja**: Like the Matsya templet, Srisailam also has specific solar alignments where the sun rays touch the deities during certain periods of the year.

Daily Schedule:

* Suprabhatam: 3:30 AM

* Darshan: 4:30 AM – 3:30 PM and 6:00 PM – 10:00 PM

* Abhishekam: Performed in batches throughout the morning. Srisailam is unique because devotees are allowed to touch the main Shiva Linga during certain Abhishekam slots (unlike most Jyotirlingas).

4. How to Reach

Srisailam is located deep within the Nallamala Forest Reserve.

* **From Kurnool**: ~180 km (about 4.5 – 5 hours by road). The drive is scenic but involves many hairpin bends through the tiger reserve.

* **From Hyderabad**: ~213 km (about 4 – 5 hours). This is the most popular route.

* **Note**: The forest gates close at night (usually 9:00 PM to 6:00 AM) for wildlife protection, so plan your road trip to pass through the forest during daylight.

Important Tips for Your Visit:

* **Dress Code**: Traditional wear is strictly enforced for special Sevas and Abhishekams (Dhoti/Kurta for men, Saree/Chudidar for women).

* **Online Booking**: For 2026, it is highly recommended to book Arjitha Sevas and Quick Darshan tickets via the Official Srisailam Devasthanam Website well in advance.

* **Sakshi Ganapathi:** Tradition dictates that you must first visit the Sakshi Ganapathi Temple (located 3 km before the main temple) to "register" your visit so he can stand witness (Sakshi) to your pilgrimage.

**
Availability of specific Seva tickets for the Maha Shivaratri week in February 2026:

Since it is currently late January 2026, we are just a few weeks away from Maha Shivaratri (February 15, 2026). This is the busiest time of the year for Srisailam, and almost all online Arjitha Seva tickets for the festival weekend are likely fully booked on the official portal.

However, here is the current situation for your visit:

1. Seva & Darshan Availability

* **Special Entry Darshan** (₹150 & ₹300): These are often released in quotas. If online slots are full, a limited number of tickets are usually sold at the Current Booking Counters near the temple's main entrance on a first-come, first-served basis.

* **Free Darshan (Sarva Darshan):** This is always available, but for Maha Shivaratri, the queue wait time can range from 12 to 24 hours.

* **Abhishekam**: During the Shivaratri festival period (the Brahmotsavams), the temple often suspends "Individual Sparsha Abhishekam" to manage the crowds, allowing only "Alankara Darshanam" for certain days. You should check the local counter for the Laksha Bilwarchana or Japanustanam schedules.

2. Accommodation Status (Feb 14 – Feb 16, 2026)

Most temple-run guest houses (Choultries/Satrams) are booked months in advance for this date.
From my latest search, here is what is available nearby:

* **Hotel Srisaila's Nest**: Currently showing rooms around ₹2,905 per night. This is a reliable private option near the temple.

* **AP Tourism Haritha**: Often has last-minute cancellations, but you usually have to call them directly or check the APTDC website.

* **Local Satrams**: Places like Yadava Satram or Mallikarjuna Sadan are excellent for a traditional stay, though they may require in-person inquiry during this peak period.

3. Recommendations for Maha Shivaratri Week

* **Visit Sakshi Ganapathi First**: Don't forget to stop here (3km before the main temple) to "register" your visit as per tradition.

* **The Pathala Ganga Ropeway**: If the queues for the stairs are too long, the ropeway offers a beautiful view of the Krishna River and the Srisailam Dam.

* **Safety Note:** Because Srisailam is in a Tiger Reserve, please ensure you cross the forest check-posts before 9:00 PM, as they close the road to private vehicles overnight.
